A Trip to the Orchard

We went to the apple orchard on a	8
sunny fall day. We drove for a long	16
time. When we got there, we saw	23
lots of trees. We got to pick apples	31
off the trees. There were so many	38
kinds. There were red, green and	44
ellow apples. My mom likes red. My	51
d likes yellow. My brother likes	57
d. I like them all! We had fun at	66
apple orchard!	69

Helpers in Our Community

There are many people that help in our 8
community. Teachers are community 12
helpers. They help us learn. Firefighters 18
and police officers help to keep us safe. 26
Doctors and nurses help to keep us 33
healthy and take care of us when we 41
are sick. Dentists take care of our teeth. 49
Mail carriers deliver mail to our house. 56
Some community helpers fix things, and 62
some help keep things clean. We love our 70
community helpers! 72

Fire Safety

Fire can be very dangerous. Do not 7
play with matches or lighters. Also, 13
be careful when you are around a 20
fire on the stove or a candle. If 28
your clothes catch on fire, do not 35
run. Stop. Drop to the ground, and 42
roll around until the fire goes out. 49

If there is a fire in your house, go 58
outside. Do not hide under the bed 65
or in a closet. Firefighters will be 71
there soon to help! 75

The Best First Day

I was scared. It was the first day of 9
school. What if I did not like my 17
teacher? What if I did not have any 25
friends in my class? I walked in the 33
room and my teacher smiled at me. She 41
looked nice. I looked for my seat. It 49
was next to my friend! I saw lots of 58
other kids I knew too! We played a fun 67
game and read a funny story. Then we 75
did math. I love math! It was the best 84
first day ever! 87

Fall Fun

The leaves on the trees are nice 7
and green. In fall, they change and 14
they are not green any more. The 21
leaves turn many colors. You can 27
see yellow, red, orange and brown 33
leaves in the fall. Then they fall off 41
the trees onto the ground. Dad and 48
Mom rake the leaves into big piles 55
and we jump and hide in them. Fall 63
fun is the best! 67

Comprehension Questions: Fall Fun

1. What are the leaves like before they changed colors?

2. What colors do the leaves change to?

3. Who rakes up the leaves?

4. Why is fall fun the best?

Name Date

Playground Safety

It is fun to play outside on the 8
playground. It is not fun to get hurt. 16
When you are on the playground, you 23
have to be safe. The slide is so much 32
fun. When you are on the slide, one 40
person should slide down at a time. 47
Swings are fun too. When you are on a 56
swing, you should sit down. Do not walk 64
too close to someone who is on a swing! 73
Have fun and be safe! 78

The Life Cycle of an Apple

I planted an apple seed. I made a hole 9
and put the seed inside. I gave it water. 18
The seed grew leaves. That is called a 26
seedling. It got bigger and then it was a 35
small tree. The tree got very big. Soon 43
the tree had flowers on it. After the 51
flowers were gone, I saw tiny round 58
balls. They were apples! The apples 64
grew big and red and I picked them! 72
Guess what was inside? More seeds! 78

Fall Weather

In the summer, it is very hot. The sun 9
shines all day. It comes up early in the 18
morning and does not go down until it is 27
night. In the fall, it starts to get cooler. 36
The sun is not out as long and the days 46
are shorter. When you wake up in the 54
mornings, you might need to put on a 62
sweater. The crisp cool air brings us 69
colorful leaves and lots of fruits and 76
vegetables to pick. 79

I Love the Library

I love going to the library! I go 8
there every week. I walk around 14
and look at all the books. There are 22
so many! I pick out a book about 30
dogs and a funny story about school. 37
I play on the computers too. My 44
library has a play room with a lot of 53
toys. Playing there is so much fun. 60
I can't wait to go home and read 68
my new books! 71

Making an Apple Pie

Have you ever made an apple pie? It 8
is fun to make and good to eat! I like 18
to help my dad make apple pie! He 26
cuts the apples. He mixes in sugar and 34
spices. He lets me make the crust. 51
We put the crust in a pie pan and then 61
put in the apples. Next we put more 69
crust on top and dad puts it in the 78
oven to bake. Soon our pie is done and 87
it is time to eat it. Yum! 94
