Scavenger Hunt
1 & 2 step Word Problems

Nick had 7 toy trains. Frank had 6 toy trains. Brett had 5 toy trains. How many toy trains did they have in all?

Directions:

1. Hang the story problems around your classroom or school.
2. Give students the record sheets.
3. Students find a word problem, solve & record answer.

** Great way to practice word problems. Children enjoy being up and out of their seat more than sitting at their desk doing a worksheet. Can be completed individually or with a partner.

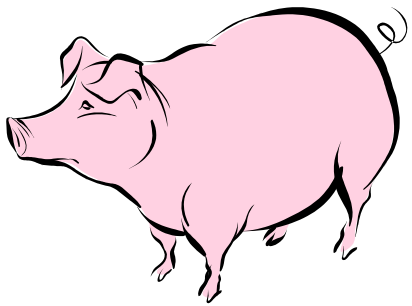

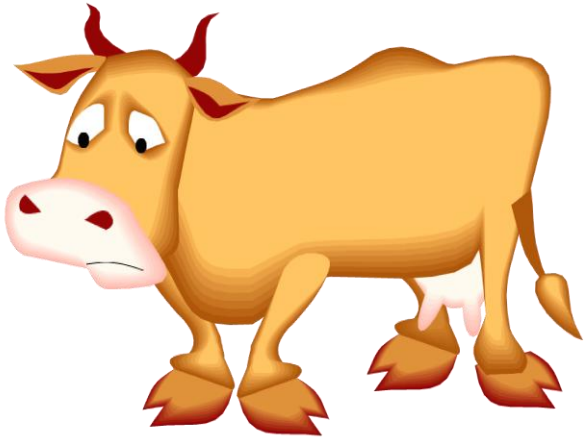

Jim had 15 cookies. He ate 3 of them on Monday. He ate 7 more on Tuesday. How many cookies does he have left to eat?

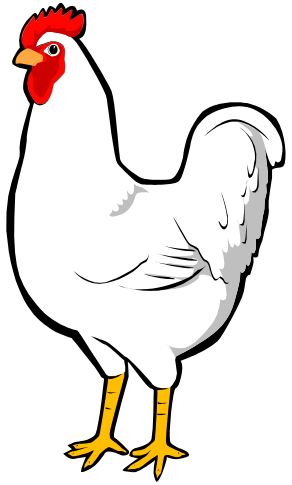

Sal had 12 Lego men. He gave some of them to Michael. Sal had 4 left. How many did he give to Michael?

Farmer Brown had 6 pigs, he had 3 cows, and he had 5 chickens. How many animals does Farmer Brown have?

Tim has 12 soccer balls. Matt kicks some into the goal. Tim has 6 soccer balls left. How many soccer balls does Tim have left?

Sam did 4 math problems. Bill did 7 math problems. Ann did 5 math problems. How many math problems did the kids do in all?

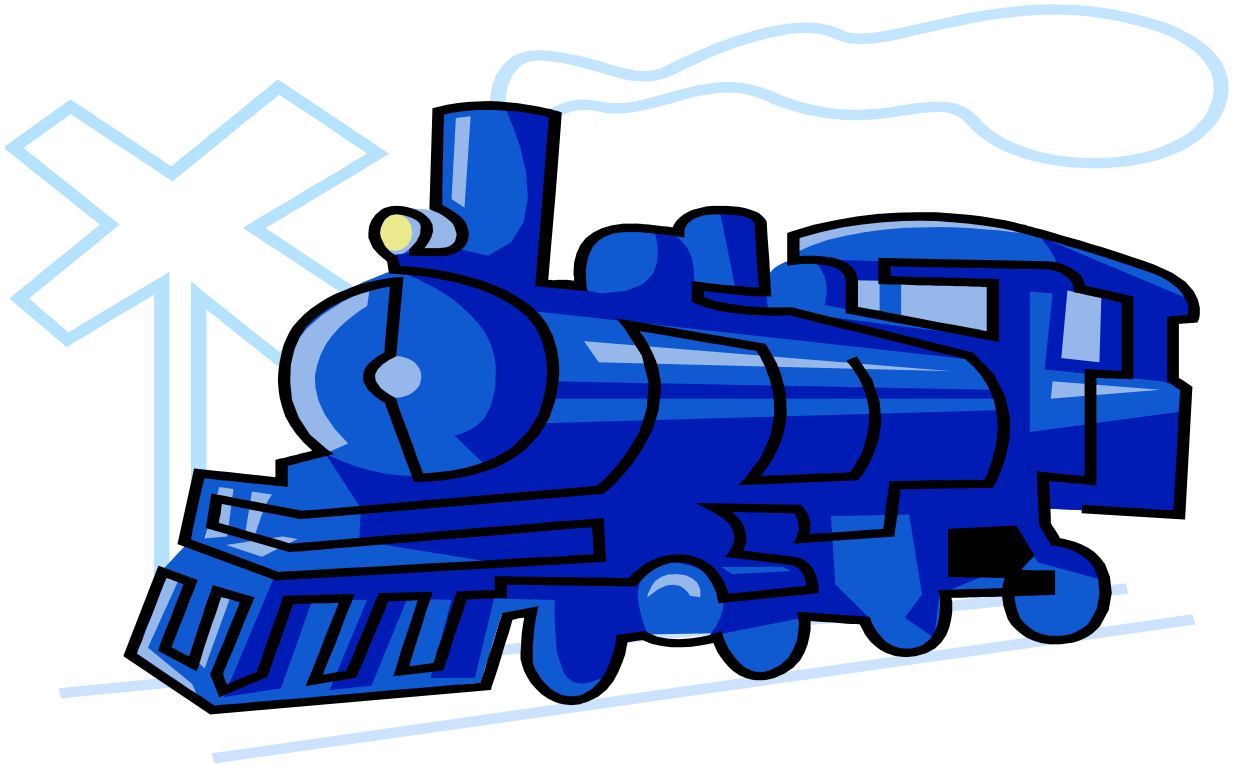

Jan rode her bike 13 blocks. Brad rode his bike 8 miles. How many more miles did Jan ride her bike?

Dad came home with 12 Dunkin Donuts. Bill and his friends ate some. Dad got 5 more donuts. There were 3 donuts left. How many donuts did the family eat?

Nemo was swimming with 5 goldfish.
9 more goldfish swam over. Then some goldfish swam away. There were 7 goldfish left with Nemo. How many goldfish swam away?

Nick had 7 toy trains. Frank had 6 toy trains. Brett had 5 toy trains. How many toy trains did they have in all?

Jack read 16 books. Mack read 7 books. How many more books did Jack read?

Tim sang for 8 minutes. He stopped for a bit, and then sang for 5 more minutes. He had a drink and sang for 6 minutes. How many minutes did he sing in all?

I picked up 20 pencils. Then I dropped some of them. I still had 11 pencils. How many did I drop?
